

MagiKitch'n® LPAGA series charbroilers are designed for all your outdoor charbroiling needs—from broiling and grilling to steaming, roasting, and holding—all in a single piece of equipment. These high production charbroilers are available in 30" and 60" widths with four or eight burners. All models come standard with an all-stainless exterior, nickel-chrome-plated top grates, and a crossover pilot tube system for added safety.

Base models come with stainless steel, front-mounted work decks, stand, legs, and casters, side-removable grease/water pans, smoke & roast roll-top hoods, and mobile tank caddies.

Choose from a variety of other options for added performance, such as griddle plates, Richlite cutting boards, side & rear mounted work decks, steamer systems, and wind/splash guards.
