

WALCO

2018 NEW PRODUCTS

Alps™ 18/0

Alps is named after the famous Alpine Mountain range for its ruggedness and beauty. The modern shaped hammered mirror finish attracts light like a diamond. Its heavy forged handles command attention on your tabletop. Finger prints disappear on the handles. It is magnetic stainless and can be saved with retrievers.

Mastaba™ 18/10

The banded handles remind you of designer jewelry and draws your attention immediately for a powerful, dramatic tabletop experience. A “wow” pattern. The 10% nickel will make it sparkle forever.

Baypoint™ 18/0

Baypoint is a Scandinavian design in thick forged handles. It is hefty, sleek and simple creating an upscale presentation dominating the tabletop. It is forged from magnetic stainless to protect your investment with retrievers.

Audition™ 18/10

This traditional European modern design features elegant and unique shapes to the bowls and tines to draw attention to your tabletop. It is produced in mirror finish with a 10% nickel content to insure it shines forever even in the lowest light table settings.

Cohasset™ 18/0

This hammered finish design takes over decorating the tabletop and hides finger prints. It is affordable and the magnetic stainless allows you to use retrievers to save it so you can protect your Cohasset investment.

Fieldstone™

Walco Fieldstone is an application that gives flatware patterns and select holloware items a unique burnished finish. Once applied, the result is a satin antique farm or industrial chic, rustic or casual appearance.

Change any of our upscale 18/10 flatware patterns or beverage servers with this process. It is performed at our Utica Cutlery Company factory in Utica, New York, at the base of the Adirondack Mountains.

Large vibrating machines are loaded with hundreds of marble size industrial stones and pressurized water. When the flatware or holloware is removed, we have the Fieldstone finish. Flatware patterns and select holloware in 18/10 only are candidates for this process.

ORIGINAL FINISH ON LEFT
AND FIELDSTONE ON RIGHT

FIELDSTONE™

Semi™ 18/10

This clean modern European geometric pattern has a completely new look that will enhance your guests dining experience.

FIELDSTONE™

Star™ 18/10

A simple European concept, with a modern influence is transformed into its own unique burnished form.

FIELDSTONE™
Lancer™ 18/10

A traditional French
style with a rustic
finish that reflects
its ancient heritage.

FIELDSTONE™
Vogue™ 18/10

Forged handles are
heavy, and weight
translates to quality!
A seductively elegant
look for industrial chic!

FIELDSTONE™

Erik™ 18/10

Traditional "Danish Modern" design features unique bowls and tines, when combined with our Fieldstone finish creates an old world Scandinavian appearance

FIELDSTONE™

Classic Baroque™ 18/10

Reminiscent of Renaissance opulence, the sterling flatware trend that once dominated the finest houses in Europe is now available to create your own stunning table presentation.

DEEP FREEZE™ COLLECTION

Walco Deep Freeze™ Serving Bowls

Walco can help you maintain excellent food quality standards with our new Deep Freeze Serving Bowls!

- Two separate internal walled chambers significantly reduces food temperature increases.
- When bowl is placed in a 0° freezer for 4+ hours, the internal chamber filled with a patented gel will freeze to help further maintain cooler temperatures.
- Chilling food to 34° before placing in Deep Freeze bowl and stirring every 20 minutes should keep temperatures under 41° for 3.5 hours. Using our tight sealing lid could extend chill time even further.
- Outer wall separated from inner walls reduces sweating.
- Our Deep Freeze Serving Bowl is dishwasher safe!

Care & Handling

Remember, these serving bowls are for chilling only and should not be heated. Use of harsh chemicals such as ammonia, bleach or stainless steel polish is not recommended.

| CR4AG | Aluminum Griddle for CR4B |

We Have Added New Pieces to Crate™!!

Rounding out our collection of towers and other tabletop pieces, we have added chafers in two sizes, 8 quart and 4 quart rectangular.

These attractive chafers feature a lift off lid, black accents, and the unique Crate look.

Transform your chafer into a grill with our stainless steel grill option, or a cooktop with our griddle option (both sold separately).

Build a hot buffet with our Crate warming towers, chafers and accessories pieces.

Food can be presented on the grill tops or in fancy casserole dishes or pans. Crate towers are heated with canned fuel.

Crate chafers can be heated using canned fuel, our standard electric heating unit or our revolutionary induction heating system.

Crate is dishwasher safe for easy cleaning, and durable for repeated use.
