VOLUME 2010

Jerry Remy's Sports Bar & Grill, named after former All-Star Boston Red Sox second baseman and current NESN color analyst Jerry Remy, opened their doors for full service April 2010 and Harbour Food Service Equipment is proud to be part of the design and installation of Boston newest Sports Bar.

The new restaurant will offer area diners, passionate sports fans and nightlife aficionados an unmatched experience. A major part of that experience will derive from a culinary team and program designed to be a homerun for patrons and food lovers. Food and entertainment will be the primary focus of Jerry Remy's Sports Bar & Grill, highlighted by the most engaging audio/video experience in Boston, including two of the largest high definition screens anywhere complimented by a comfortable ambiance and unpretentious professional service. The eating and sports viewing experience will be unrivaled. So many people have worked extremely hard to help make this happen, and it is very exciting to see it all come together, Jerry Remy said. We've created a menu that will excite everyone, whether coming in to watch a game or craving quality comfort food in a fun environment.
